

**National biological defence research and development programme Declaration**

Is there a national programme to conduct biological defence research and development within the territory of the State Party, under its jurisdiction or control anywhere? Activities of such a programme would include prophylaxis, studies on pathogenicity and virulence, diagnostic techniques, aerobiology, detection, treatment, toxinology, physical protection, decontamination and other related research.

Yes/No

If the answer is Yes, complete Form A, part 2 (ii) which will provide a description of the programme.

**National biological defence research and development programme**

**Description**

1. State the objectives and funding of the programme and summarize the principal research and development activities conducted in the programme. Areas to be addressed shall include: prophylaxis, studies on pathogenicity and virulence, diagnostic techniques, aerobiology, detection, treatment, toxinology, physical protection, decontamination and other related research.
2. State the total funding for the programme and its source.
3. Are aspects of this programme conducted under contract with industry, academic institutions, or in other non-defence facilities?

Yes/No

4. If yes, what proportion of the total funds for the programme is expended in these contracted or other facilities?
5. Summarize the objectives and research areas of the programme performed by contractors and in other facilities with the funds identified under paragraph 4.
6. Provide a diagram of the organizational structure of the programme and the reporting relationships (include individual facilities participating in the programme).
7. Provide a declaration in accordance with Form A, part 2 (iii) for each facility, both governmental and non-governmental, which has a substantial proportion of its resources devoted to the national biological defence research and development programme, within the territory of the reporting State, or under its jurisdiction or control anywhere.

**National biological defence research and development programme**

**Facilities**

Complete a form for each facility declared in accordance with paragraph 7 in Form A, part 2 (ii).

In shared facilities, provide the following information for the biological defence research and development portion only.

1. What is the name of the facility?

2. Where is it located (include both address and geographical location)?

3. Floor area of laboratory areas by containment level:

BL2 \_\_\_\_\_ (sqM)

BL3 \_\_\_\_\_ (sqM)

BL4 \_\_\_\_\_ (sqM)

Total laboratory floor area \_\_\_\_\_ (sqM)

4. The organizational structure of each facility.

(I) Total number of personnel \_\_\_\_\_

(ii) Division of personnel:

Military \_\_\_\_\_

Civilian \_\_\_\_\_

(iii) Division of personnel by category:

Scientists \_\_\_\_\_

Engineers \_\_\_\_\_

Technicians \_\_\_\_\_

Administration and support staff \_\_\_\_\_

- (iv) List the scientific disciplines represented in the scientific/engineering staff.
- (v) Are contractor staff working in the facility? If so, provide an approximate number.
- (vi) What is (are) the source(s) of funding for the work conducted in the facility, including indication if activity is wholly or partly financed by the Ministry of Defence?
- (vii) What are the funding levels for the following programme areas:

Research	_____
Development	_____
Test and evaluation	_____

- (viii) Briefly describe the publication policy of the facility:
- (ix) Provide a list of publicly-available papers and reports resulting from the work during the previous 12 months. (To include authors, titles and full references.)

5. Briefly describe the biological defence work carried out at the facility, including type(s) of micro-organisms\* and/or toxins studied, as well as outdoor studies of biological aerosols.

---

\*Including viruses and prions.
